

ANNUAL REPORT 2017

1 IN 8 PEOPLE

in the state of Delaware rely on the Food Bank of Delaware's network of 536 partner food pantries and feeding programs.

THEY ARE FACING TOUGH CHOICES

71% of client households had to choose between food and utilities

67% had to choose between food and medical care in the last 12 months

65% of households had to choose between paying for food and housing in the past 12 months

AND THEY NEED OUR HELP.

About Us

Our mission is to provide nutritious foods to Delawareans in need and facilitate long-term solutions to the problems of hunger and poverty through community education and advocacy.

We work to achieve this, primarily in Delaware, by:

- Providing low- and no-cost food to qualified feeding programs throughout the greater Delaware region
- Informing the greater Delaware community about hunger issues and food security;
- Mobilizing support for anti-hunger efforts;
- Training and empowering under- and unemployed individuals to fill needed positions within the food service industry;
- And developing and implementing statewide nutrition programs to assist low-income families, individuals and children.

Relief Partners up and down
the state. With an emphasis on
fresh foods, we are more than
a "can-in-can-out" facility.
Last year we distributed 2.17
